Energy Sustainability for Adriatic Small  
Communities

IPA CBC Adriatic Programme 2007-2013

18 partners (Region of Puglia, Italy)

DUNEA budget – € 200.100,00

Development of replicable models of  
sustainable energy management in small  
communities (10.000 inhabitants).

Capacity building of and integrated  
management of actions related to RES  
and RUE

projects done / in progress

Strategic Project  
**alterenergy**  
Energy Sustainability  
for Adriatic Small Communities

 access to local energy data  
**Meshartility**

Measurement and sharing of data  
Mjerenje i razmjena podataka s  
opskrbljivačima energijom za Sporazum  
gradonačelnika

CIP IEE 2011 – Intelligent Energy Europe

17 partners(Region of Murcia, Spain)

DUNEA budget– € 84.700,00

To ensure valid and reliably energy data in  
order for energy resources to be managed

# LEGEND

LOW ENTHALPY GEOTHERMAL ENERGY DEMONSTRATION

## Low Enthalpy Geothermal Energy Demonstration

IPA CBC Adriatic Programme 2007-2013

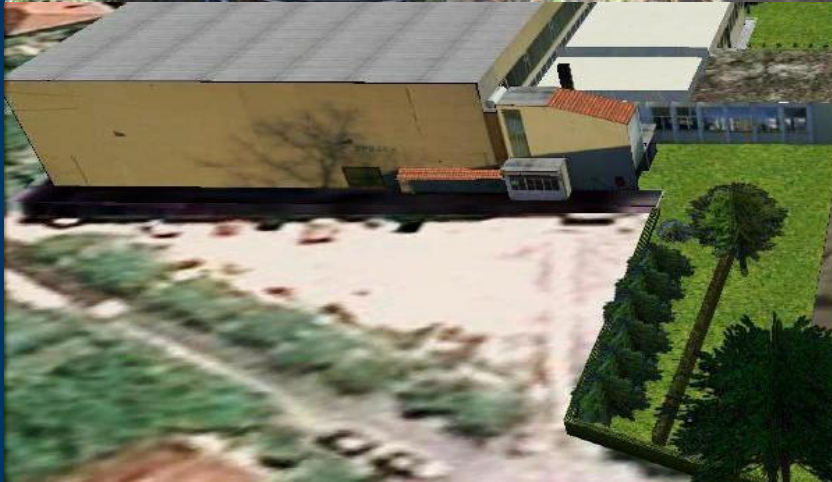

13 partners (Province of Ferrara, Italy)

DUNEA budget – € 246.600,00

Rising awareness on benefits and potentials of geothermal energy of low enthalpy usage in Adriatic area through demonstration actions

projects done / in progress

# LEGEND

LOW ENTHALPY GEOTHERMAL ENERGY DEMONSTRATION

## Wind Energy Social Acceptance Promotion

CIP IEE 2011 – Intelligent Energy Europe

To promote and present benefits and potentials of wind energy exploitation and technical solutions at local level actively involving local community into planning of projects and their implementation processes
